One Week Left to Participate in the Annual NBGH Health Care Strategy Survey

Last years version below!

The Business Group is currently fielding **Large Employers' Health Care Strategy and Plan Design Survey** – our most robust and comprehensive survey, which provides:

- Critical benchmarking information on health care cost,
- Plan design trends and employer initiatives,
- **This year's survey is designed to provide insight into large employers' views on the rapidly changing health care environment.**

You will receive a customized report of the survey data based on your own workforce demographics.

[Mental Health: Going Beyond EAP](#)

Mental Health is a top of mind discussion area for GBGH member companies. Recent conversations have focused on the challenges around addressing employee mental health and well-being globally. Barriers such as awareness, access to care and stigma can vary in relevance and severity among countries. This Global Business Group on HealthSM (GBGH) article summarizes global trends, country snapshots and GBGH member perspectives on this ever important topic.
